THE TVI RETREAT
Sponsored by
THE PHIL-MONT MOBILE RADIO CLUB

NEXT MEETING - Cassidy School, between 65th & 66th on Lansdowne, West Philadelphia, Pa.

DATE - First Monday of the month, October 5, 1953 at 8 P.M.

REFRESHMENTS - Door prizes donated by Almo & Resco.

PROGRAM - Jack Montgomery will talk on noise elimination in mobiles a popular subject with us all - W3OWK lined us up with this program.

NEW MEMBERS - W3IEJ Walt Piston lives in Lansdale and works for Philco. He works 10 exclusively from home and has the same in the car. Glad to have you with us Walt. W3VCY Tom Hewton lives in Phila. and works for the American Stores. He is active on 40 at home. W3TMY Dave Wintz lives in Lansdale and works for the Lansdale Tube Co., is on 10 exclusively and offers an assist on committees. W3VCE Tom Donnelly lives in Phila and is a student. He has nothing on the air at the moment but expects to. He also offers a committee assist. We sure need the help committee-wise you-all so don't hesitate to offer. Pres. Chuck has plenty on the fire.

THE LATEST SCOOP - Correction on the number of check-ins on SEN. Bob reports 104 different stations reported in. W3JAO is listening in on the net regularly from the New York area and giving the boys reports. We can't keep up with the check-in count. Bob added 20 stations to his list in two months. Which means interest is jumping by leaps and bounds. Let's not have it take a nose dive just because W3JGB has to be out of town occasionally. This has happened we are sorry to relate. He does a swell job, everyone realizes it, but when he takes a siesta the net falls flat. W3PIT is now doing a fine job filling in - who else will offer an assist - see Bob. NC reported 28 check-ins on Sept 28 a new record. Daily tally now runs about 24. By contagion, contamination, infection, or what have you, there is now rumored to be considerable 10m rig building activity in W2 land - more and more of the boys are coming out to see us. Phil-Mont doesn't pretend to compete with the large clubs around this area - PM's one interest in mobiling and if you are interested come out and see us - we guarantee more activity than you will be able to indulge. This is it gals - your long awaited Dinner-Dance. If it keeps on snowballing we won't have room to dance but we promise a good time and a chance to prove your husband or boyfriend isn't traveling with as bad a bunch of bums as you have heard. Location - Casa Conti, Glenside. Oct 24th Sat., Music supplied by W3JLE's Hi-Fi Concertone sound system. All the latest recordings hot off NBC's radio and TV network. Stan Kenton, Billy May, long hair, short hair, gray hair you name it. Price \$3.00 per nose - bring the \$ to the next meeting or send it in. We have to get it in early. Menu is roast turkey with all the trimmings. Eunice, Eleanore, Elaine & Judy in the Northwest section all threaten divorce if the ole man doesn't cough up. You boys who take the midmonth meetings don't have to worry about keeping W3QQH happy he brings his own tea. W3JGB brings his own sugar. Off-shoot of current discussions lead to the re-establishment of a membership committee and an executive committee. The exec committee is to be composed of all committee chairmen who will organize all the run of the mill business. All it adds up to is - the club is having growing pains and business must be handled on a little more formal basis. KCG & IRS are reported to be under the weather - get better you swabs we need your assist. We forgot to mention the door prizes to be given at the dinner and also all members and guests are invited. W3HYU got a new bucket of bolts - the usual hustle and bustle getting back on the air with some bugs. W3HFD is heard daily on SEN. Wots hot these days Frank. 3 times in as many months HYU worked new mobiles - went into a speil about the club etc. only to find out QQH had already signed em! Al keeps trying hi. W3QFY has job trouble. It interferes with meeting nights. Work interferes with fun Bill, cut out the work. W3KUB is still trying to run a large farm & build his mobile gear between crops, milkings, pickings etc. How about it Don? Making any progress? Come out and see us. W3FPP is almost mobile again - at least he can now hear em again. Sez its been too hot to work on the car. You'll need a de-icer soon Tom. W3DSG hid the rig in the last xmitter hunt and nobody could find it. It was just in the 20 mile radius in a shack in a clump of trees in the middle of a vacant lot - wot a time finding it. The guys chased and chased - didn't find it either until Ernie gave out the scoop. Best job of hiding yet. The boys need snifter gear to use after they get out of the car. ~~Rules are changed to a min. of 5 entrys~~ at \$1.00 per nose to be eligible for a \$10.00 prize. Short 'un this month - no time.
